Maybe even better than free.

Any file in any format can be uploaded and downloaded for free. The cost of that data transfer is covered by your internet service or the data plan on yourphone. Just upload the file you want to share with your friends and we send you a download link to your file. Simply upload your file and share the link. Youdon't need any special software installed to be able to download your files. Why pay storage fees for a file that you just wanted to send to a friend or colleague?Also, many team chat apps have limits to the size of files that can be transferred within their apps. There are no restrictions on the number of times a file can bedownloaded. No account or credit card is required to get started. We have no file size limit. Keep your files private, or send your download links only to friendsor family. It is also allowed to link to the download page from websites and communities. Using file, you can circumvent those limits without paying to upgradeyour team chat service. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. filehosting provides an easypossibility for you to send large files to your friends. File is free to use with no gotchas and no hidden fees. Files can be downloaded from any computer fromour high speed servers. Our service is completely free for everyone. Alternatively you can choose to share your download links on blogs, forums and socialnetworking sites. If only we could, we surely would! On the other hand, using file can actually save you money. Files transferred the old-fashioned way tend topile up and be forgotten

about, eventually costing you money in data storage fees. Unfortunately, we can't make that part free. You can upload any type of file(movies, music, documents, images, zip files and more). You decide who you want to share your files with. Your wallet will be none-the-lighter! Just so we'reall 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friendsdevice. You can give this download link to your friends by mail or instant messenger. This is easy, fast and reliable filehosting! You don't need any kind ofpremium-accounts. So try our free and simple filehosting service now.
