File is free to use with no gotchas and no hidden fees. No account or credit card is required to get started. Our service is completely free for everyone. Keepyour files private, or send your download links only to friends or family. Any file in any format can be uploaded and downloaded for free. So try our free and simple filehosting service now. Simply upload your file and share the link. Files can be downloaded from any computer from our high speed servers. You cangive this download link to your friends by mail or instant messenger. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also,many team chat apps have limits to the size of files that can be transferred within their apps. If only we could, we surely would! On the other hand, using filecan actually save you money. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees.

There are no restrictions on the number of times a file can be downloaded. You don't need any special software installed to be able to download your files. When you see file, you avoid storing the file you're sending in your cloud storage or mail server. Just upload the file you want to share with your friends andwe send you a download link to your file. Alternatively you can choose to share your download links on blogs, forums and social networking sites. Unfortunately, we can't make that part free. It is also allowed to link to the download page from websites and communities. filehosting provides an easypossibility for you to send large files to your friends. You decide who you want to share your files with. The cost of that data transfer is covered by your internetservice or the data plan on your phone. We have no file size limit. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. Using file, you can circumvent those limits without paying to upgrade your team chat service. Your wallet will be none-the-lighter! Just so we're all 100%
